STAFF

It is with great pleasure and much pride that the graduating class of 1981 choose to dedicate their yearbook to **Clement Gregory McDonough**, a very dedicated and loyal member of our School Committee.

Mr. McDonough has been a member of the Lowell School Committee since 1941 and a member of the Greater Lowell Regional Technical School Committee since its inception in 1970. He served in the Air Corps during World War II as a Master Sergeant. He has twice served as Vice Chairman of the School Committee. A Lowell native, Mr. McDonough has become a political institution as the voice of the school children in the Greater Lowell Area.

Within the community, he pioneered teacher qualification, women's rights, CPR, law education for children, and vocational education. He has served under twelve different mayors and eight different superintendents. As a result of his long service, he has voted for nearly all of the teachers, administrators and other workers now employed in the Greater Lowell School District.

Mr. McDonough is a retired Deputy Sheriff of Middlesex County, a retired Court Officer of the Massachusetts Superior Court System, and a Certified Insulation Estimator/ Energy Conservation Technician. For six years, he served as a Trustee of the Tewksbury State Hospital under appointment by Governors Furcolo and Volpe. Furthermore, as a father of four, Clement McDonough has come to realize that the hope for the future is in the nurturing and educating of our youth.

This year Clement McDonough was unanimously recommended for life membership in the Massachusetts Association of School Committees. This honor was the MASC's way of recognizing and formally showing appreciation for his many years of dedication in the Greater Lowell area and in the Commonwealth of Massachusetts.

We the class of 1981, wish to further extend gratitude to this champion of quality education and true friend of students.

Superintendent's Message

Congratulations to the Graduates from the Class of 1981. Suddenly, the routine, the bus rides, the early mornings, and busy schedule is over. You are now impatiently involved with a new life. A life of personal discovery and vocational fulfillment that your education and carefully developed skills will help create.

Remember, however, as you pursue your personal goals, there will be fewer friends to call on and fewer excuses to use. You are now faced with a new experience of relying upon your mind and self-discipline. The element of future failure or success now depends on you. The teachers, guidance counselors, and disciplinarians are no longer there to provide those moments of encouragement and understanding that we all need. Please do not quickly forget those years that you have spent here at Greater Lowell Regional for they probably represent the most significant stage of your development.

The students from the Class of 1981 should never forget the many contributions that they have made to the Greater Lowell community. The citizens, the governmental institutions, and the children from this area have all benefited from your enthusiasm, skill and spirit. Never forget all of the good times and services you have received from your community tax dollars and strive to maintain that tradition, which has brought you so far in such a very, very short time. Your brothers, sisters and someday maybe your own children, most certainly deserve the same.

Business Club Banquet

On April 3rd and 4th, 1981, seventy-nine Greater Lowell students competed and participated in the seventh annual Massachusetts VICA Leadership Conference and Skill Olympics. The competition was the hardest I've seen in the 3 years that Greater Lowell has competed. Our students competed in twenty-seven different areas and leadership contest.

The Award Presentations took place at the Marriott Hotel in Newton. Over 700 students, advisors, parents and teachers were there to see Greater Lowell students win forty-four awards. More than any other vocational school in the state.

The students won 17 Gold Medals for 1st place, 10 Silver Medals and 9 Bronze Medals and 7 students finished in the top 6 of their field.

Eleven of these students are eligible to go to Atlanta, Georgia in June to compete in the National Skill Olympics.

They are.

Varsity Football

Although the varsity football team did not win a game this year, the determination desire and enthusiasm displayed by the team was a credit to the student body of the school. When it could have been easy to quit the team because of the losing record, none of the boys chose this path. Instead, all the players worked harder and developed a pride in themselves and their team mates. Often times the strong character of people come out when they are tossed into a situation where winning is impossible. This was true of the 1980 Gryphons football team.

Junior Varsity

Although this year's J.V. football season was disappointing in terms of wins and losses; it was encouraging in terms of participation, desire and enthusiasm. Since J.V. level is basically a learning experience or "proving ground" for most players the coaches were encouraged by the play and improved play of many players. The team worked well as a unit and each player did his best to insure the team never quit. Many of this year's J.V. team will see intensive Varsity action next year and in years to come.

Considering that most of the boys on this years fresh-man football team had never really played organized football before, it was one of the finest here at Greater Lowell. Although we won only two games, we were really out of the contest. The most encouraging thing this year for the coaches was that although many times the boys were discouraged they never gave up and maintained a high degree of enthusiasm and competitiveness throughout the year. The coaches were pleased with the steady improvement displayed by the boys. This years team has several players that will see plenty of action the next three years.

Like all the school teams in the MVC we had a starter season, with young players and tough seasoned opposition. However the future holds good for us because we only had two players graduating in May 1981. Also the high calibre and attitude of the team will win through, win or lose.

Coach Barnfield

Junior Varsity Soccer

We began the season wondering if we would ever score a goal. However, as the season progressed we began to gel and we came up with 3 victories. The team seemed to gain experience and momentum with each game.

Considering this was our first year in the tough Merrimack Valley Conference, the team did well by winning 3 games. I expect to see alot of improvement in the coming season.

Cross Country

The boys Cross Country Team broke into the very competitive Merrimack Valley Conferance this season beating Andover, Greater Lawrence and Lawrence High and finished with a 3-3 record in the MVC East division and 3-5 overall.

This years team was lead by soph. tri-capt Henry Gagnon who won 3 races in dual meet competition. Henry also won the Northern Area Soph division race, placed 9th in the soph race at the State Coaches meet, and placed 4th in the State Vocational Schools championship leading the team to a very impressive 3rd place finish out of 20 teams. Henry also broke the 3 mile home course record running it in 16:25. Soph. tri-capt. Sean Donnelly ran very close to Gagnon all season and even defeated Henry twice, against Wilmington and at the State divisional championship in Boston. The other soph. tri-capt, Steve Foster was also a very valuable asset to the team, consistantly scoring in all the dual meets and placing a very respectable 21st out of 116 runners at the State vocational school championship in Walpole.

Other runners who ran very well on this years young team were soph. John Duffy, fresh. Tim Roark, soph. Steve Nolan, soph. Bill Pellerin, fresh. Bob Chamberlain, fresh. Tom Campbell, soph. David Gregoire and senior Leo Marquis.

With everyone except Leo Marquis returning next year and with the MVC Powerhouse Haverhill losing the top 3 runners who are seniors next years cross country team promises to be much better and may have a chance to win the Vocational Schools State Championship for the first time.

The Boys' Varsity and Junior Varsity Basketball teams entered the Merrimack Valley Conference with mixed success. A lack of height on the team was made up for by the team's speed and desire. Highlights of the season were the Staff Night thriller against Wilmington and a four (4) point victory over Tewksbury. Co-Captains Jay Simon and Ray Artis were the leading scorers while Co-Captains Ed Alicia, Pat Eastwood and Joe Doucette were the tip rebounders. Seniors Tim McCarthy, Jose Manatou and Mark Therriault completed outstanding careers for the Gryphons. The playing time that young players like Kevin Jean, Tony Conceicao, Scott Silva and Joe Feehan received, can only predict a brighter future for the Gryphons.

This year's edition of Gryphon wrestling posted a fine 6-9-1 seasonal record. They proved their mettle in a very tough Merrimack Valley Conference by posting wins over Wilmington, Andover, Haverhill, and Dracut. Had the team been able to find a 190 pounder and a heavyweight, they very well could have been 10 and 6. Even in losing they were never really, out of any match. Their spirits were indomitable.

The Greater Lowell Girl's Basketball Team fought through a tough season. The five veterans, complimented by the five rookies, proved a formidable match for such powerhouses as Chelmsford and Methuen with a phenomenal display of tenacity and the desire to win. Seniors Sue Dalphond, Robin-Martell, and Sue Bergeron will be genuinely missed but the example they set will serve as foundation for all future teams here at Greater Lowell.
